

BREXIT is not far away. Are you prepared?

We need to prepare for the Brexit and this will affect all imports and exports.
You need to act now.

- 1) Apply for an EORI number. All importers and exporters, even if you are trading below the VAT threshold, will need one to continue doing so. You can apply at: <https://www.gov.uk/eori>
- 2) You need to know the customs commodity codes applicable to the type of goods you trade in. You can check on the government website for the correct and up to date codes at: <https://www.gov.uk/trade-tariff>
- 3) Incoterms for your goods. It is very important that you know and understand the terms of sale and ensure they are shown on all invoices.
- 4) The government has stated the VAT on imports will be accounted for using postponed accounting duty will not have to be paid before the goods arrive in the UK port. However, in the event of a hard Brexit under WTO (World Trade Organization) rules many goods will be subjected to duty at various rates. Existing duty rates can be obtained from <https://www.trade-tariff.service.gov.uk> (we do not yet know if these are the rates that will apply post Brexit).
- 5) Apply for a duty deferment account. This will allow you to postpone the payment of import duty as is done with VAT at present. You can apply on the government website: <https://www.gov.uk/government/publications/import-and-export-deferment-arrangements-application-for-approval-c1200>
- 6) All shipments both import and export must have a commercial invoice covering the goods.

Op al onze werkzaamheden zijn van toepassing de Nederlandse Expeditievoorwaarden, inclusief de arbitrage clause, gedeponneerd door FENEX ter griffie van de Arrondissementsrechtbank van Amsterdam, Arnhem, Breda en Rotterdam. Algemene Voorwaarden KLG Europe gedeponneerd ter Kamer van Koophandel te Eindhoven. Met betrekking tot bovenstaande voorwaarden is steeds de laatste gedeponneerde versie van toepassing. De voorwaarden worden op verzoek kosteloos toegestuurd.

**BORDERLESS
LOGISTICS.
SINCE 1918.**

KLG EUROPE IS A COMPANY PROVIDING
A WIDE RANGE OF SERVICES FROM
GROUPAGE TRANSPORT TO WAREHOUSING
AND SUPPLY CHAIN OPTIMISATION.
CUSTOMER FOCUS IS OUR PHILOSOPHY.

We will need to prepare customs clearances on all import and export shipments and therefore we will need to have all documents in our possession BEFORE loading. This will give us some extra time during the working day to check and advise you if any changes need to be made.

Please note that unless all the requirements are met in order to satisfy customs it could mean that your shipment may not be able to be shipped. The terms of sale will generally show who will be paying the customs clearance charge. The input you have to provide us with is listed below:

- Invoice and packing list showing shipper and consignee;
- Number of packages and weight (gross and net);
- Export document (in case you will create this by yourselves);
- Currency and value of the shipment;
- Country of origin;
- Export documents (in case you will prepare those yourself);
- The delivery terms and customs commodity code(s) – please be aware, there may be more than one.

If you want to have your customs and transport activities completed by one logistics service provider to avoid delay because of customs clearance please kindly respond to this letter on your company letterhead by copying and pasting the statement on the next page and send it back (per e-mail) to Jamie Wood (j.wood@bradford.klgeurope.com) or contact via telephone in case of further questions (+44 1274 711498).
